

buéno®

Premium Sandwich Café

WE BELIEVE IN GOODNESS

of food, communities and the environment. Our products are sourced directly from farmers to ensure that you get the best quality ingredients straight from the farm to your plate. With signature multigrain breads, fresh buns and patties, we offer an exciting range of sandwiches and burgers.

Our bakery team has handcrafted a special dessert menu with ingredients made from scratch. Nothing in our kitchen is outsourced as it is our endeavour to provide the best quality at the best price.

We are closely associated with DIKSHA, a school which provides a stimulating learning environment to 250 children from low income families from the neighbourhood.

We are now working towards making our packaging eco friendly with minimum waste and damage to the environment.

BUENO CAFE OPENING SOON
